These are extraordinary times!

While the world changes day by day, I've found myself going back to what I know is true in these uncertain times: Camp Mini-Yo-We was God's idea from the beginning and He's got us in His hand! **This is a moment not for fear but for faith!**

This idea keeps coming back to my mind: **this is not a permanent state but a moment in time.** And for Mini-Yo-We, time is on our side. The first day of Camp in July is still over 3 months away (15 weeks, 102 days..) We still have so much time until we welcome our first campers to Mini-Yo-We this summer!

To that end, **our team is still hard at work ensuring that we'll be ready for our summer season** and will remain flexible around changes necessary in the months ahead.

We really do believe that by the time we get to July, **Camp Mini-Yo-We will be the perfect option for every child in Ontario!**

Obviously, we will continue to **closely monitor what the health authorities are saying** that will impact the way we can best serve our families. [Click here to download an information sheet](#) on a few changes we're already committed to because what has transpired the past few weeks including:

- Enhanced wellness checks
- Additional cleaning & hand sanitization
- Expanded health care team
- And more...

We look forward to continuing to serve campers for this summer and for years to come. We're going to need to make some wise decisions in the coming days and weeks but we trust God will help us through.

Finally, have you registered for our [Virtual Campfire on Friday](#)? Our team is pulling together a fun evening together. It will give us all a little slice of summer! I look forward to seeing you around the campfire!

The best is yet to come,

Rich
